The mission of the United Service Organizations ("USO") of PA and Southern New Jersey, or "Liberty USO", in times of peace and war, is to facilitate and demonstrate the support of the American people, and to enhance the quality of life for those men and women and their families serving in the active duty, national guard and reserve components of the United State Armed Forces. This is done primarily through family support, humanitarian, education, social, recreational and entertainment programs and services. In other words, we offer a touch of home from home.

Thank you again for your participation in purchasing these boxes of cookies for our troops from the Girl Scouts of Southeastern Pennsylvania.

Sincerely,

Kathy Hardy,  
Activities Coordinator
